Colours: Orange, red, black, silver

**1.** Apply orange to the forehead and the bridge of the nose using a sponge. Use the sponge to paint the lower half of the face silver, including the lips. Leave out the eyes and the tops of the cheeks.

**2.** Use the paintbrush to draw curved silver lines from the top of the bridge of the nose, over the eyebrows and up to the temples. Draw silver trails up from the eyebrows. Draw silver trails on the lower half of the face too. Draw black outlines on the lips and nose using the paintbrush.

**3.** Paint red and silver dashes on the forehead, using the paintbrush. Paint black brushstrokes on the brows and on the lower half of the face. Fill the outlines around the nose and mouth using black. Place some black dots above the lips. Using silver, make a vertical brushstroke from the inside corner of the eyelid, then use a sponge to apply silver to the eyelids. Extend the silver towards the temples. Use the upper eyelid, spreading to the temples
