

GARDENING IDEAS

for the whole year!

FLOWERPOTS

Every child designs a flower pot with their name and fills it with earth and seeds.

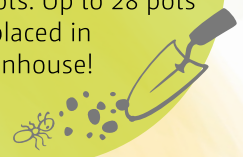

SOW

...sunflower seeds, cress, parsley, salad and peppers. The foil creates ideal conditions for seeds to grow. Simply wheel the greenhouse into the sun!

PLANT

...for example pre-grown plants in individual flowerpots. Up to 28 pots can be placed in the greenhouse!

SPRING

HIBERNATION

Cut down suitable herbs and let them hibernate in the greenhouse. You can watch them disappear completely and then reappear in Spring.

WINTER

SUMMER

HARVEST

...radish, salad, parsley, spring onions, chives and more...

BIRD FEED

Easily homemade: Simply buy bird feed and use grease to mix it into a smooth paste to fill into small pots. Don't forget to add a string!

AUTUMN

PUMPKIN HEADS

Ornamental pumpkins are ideal for making tealights and lanterns.

EAT & DRINK

Harvest radish, salad and co. and make your own lemonade with balm leaves or make your own marmalade or chutney.

COLLECT LEAVES

...and dry, press and colour them to make great decorations.
