C. INSTRUCTIONS

1 Hair
 Before you start making the mermaid's hair, cut a 15cm strip of wool and save it for step 4.

2 Wind the remaining wool around a book (approximately 30cm in length) as shown in the diagram.

3 Gently slide the wool off the book.

4 Take the 15cm wool strip you cut in step 1 and tie it around the middle of the larger woolen loop.

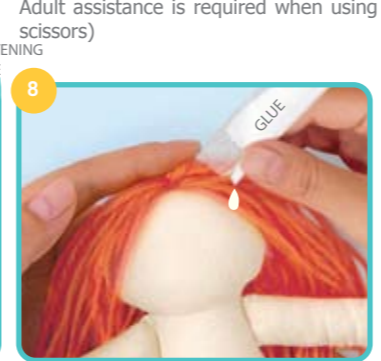

5 Cut open both ends of the loop. (Note: Adult assistance is required when using scissors)

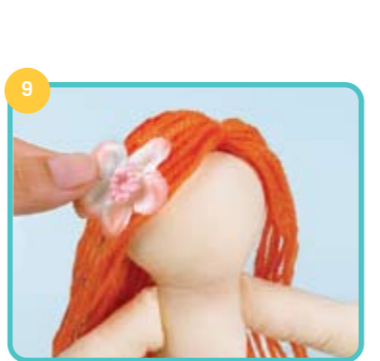

6 Fold the hair in half as shown.

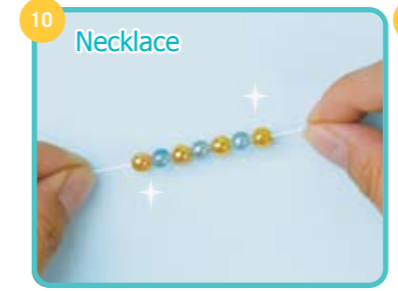

7 You will notice fastening tape attached to the back of the mermaid's head. The woolen hair will adhere to it like magic without using glue. Gently press the hair against the fastening tape and arrange it to achieve the desired style. Then press the hair firmly to fix it into position. (Note: It may be difficult to reposition the wool once it is fixed firmly) Then, apply some craft glue to the mermaid's forehead and fix the hair into position at the front. Trim the ends for a neat finish.

8 Attach flowers to her hair with some craft glue.

9 Attach flowers to her hair with some craft glue.

10 Necklace
 Thread the beads as shown in the diagram to make a necklace.

11 Place the necklace around the mermaid's neck.

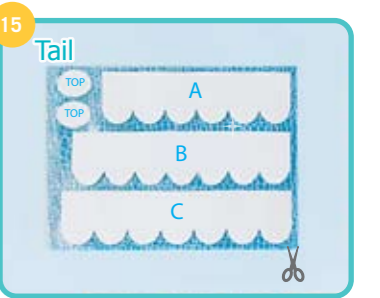

12 Tie a double knot in the necklace at the back of the mermaid's head as shown.

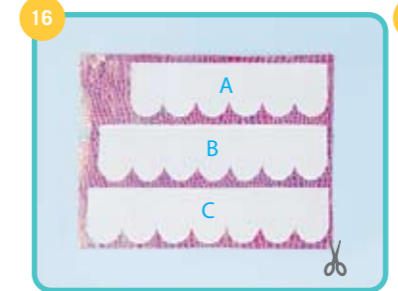

13 Bracelet
 Now, thread the spare beads to make a bracelet.

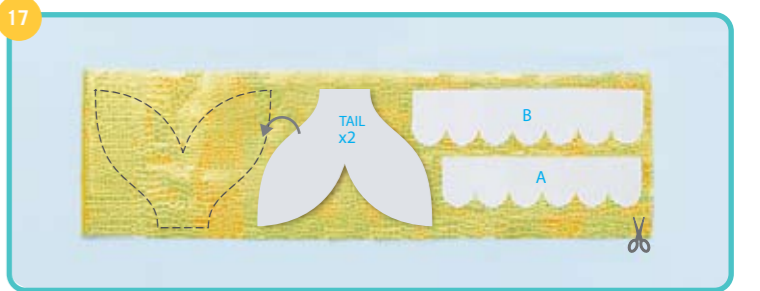

14 Place the bracelet around the mermaid's wrist and secure it with a double knot. It will look like this.

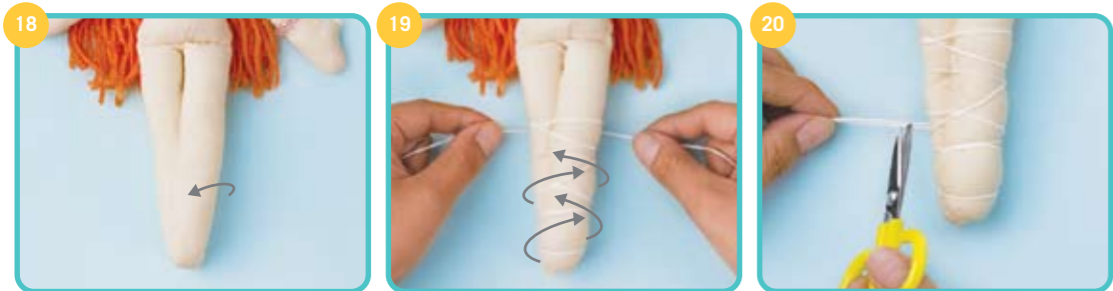

15 Tail
 Place the 5 templates on top of the blue fabric. Using the templates, cut out the scales for the mermaid's tail and the round shapes for her bikini top from the fabric.

16 Using the scales' templates again, place them on top of the pink fabric and cut them out.

17 Now, only place the scales A, B and tail templates on top of the yellow fabric and cut them out. (Note: All fabric cut from step 15 to 17 will be used in step 22 - 30. Adult assistance is required when using scissors)

18 Place one of the mermaid's legs over the other as shown.
 19 Tie both legs together with fishing line.
 20 Tie a double knot and trim the ends. (Note: Adult supervision required when using scissors.)

21 Apply a strip of double-sided adhesive tape onto the tip of foot as shown.
 22 Stick the yellow tail onto the tip of foot to make the first layer.
 23 Apply another strip of double-sided adhesive tape on top of the first layer.

24 Stick another yellow tail on top of the first layer to form the second layer as shown.
 25 Apply another piece of double-sided adhesive tape onto the second layer.
 26 Then, attach the shortest piece of scales cut from the blue fabric in step 15 as shown.

27 Now, attach the shortest piece of yellow scales on top of the blue one.
 28 Follow the colour sequence from the package to finish all layers. Always use the shortest length of scales first and work your way up, saving the longest piece for last. Now the mermaid's tail is complete.
 29

30 Use the double-sided adhesive tape to create your mermaid's bikini top with the blue fabric circles as shown.
 31 Take the face stencil and place it on the mermaid's face. Using the pencils provided, colour the eyes blue and lips pink.
 32 Now your mermaid is now finished!

33 Remember to give her a name and fill in the birth certificate too.
