

- 5 If the treasure piece you slid out of the island matches the one on the blue tile, you score! Set the treasure piece on top of the matching tile and keep them in your own scoring pile. Set the green tile aside, out of the game.

They match!

- 6 If the treasure piece you slid out doesn't match the tile, put the treasure piece back in the volcano and put the tiles back at the bottom of their respective piles, face-down.

Volcano Opening

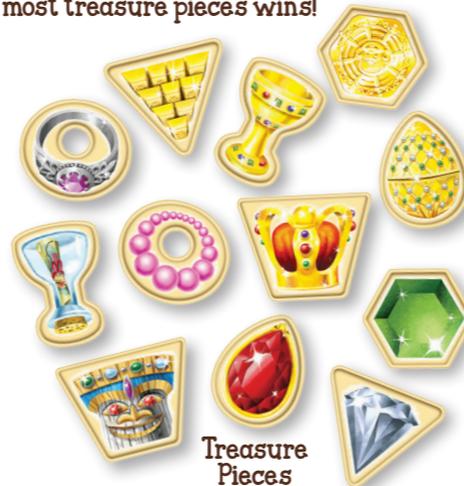

- 7 If one of the tiles you turned over is a volcano tile, set the tile aside and turn over another green tile. Then continue from step 3 on. If you turn over the fourth volcano tile, go to the Ending the Game section.

Ending the Game

When all four volcano tiles have been turned over, or all 12 treasure pieces have been collected, the game ends. The player with the most treasure pieces wins!

MONKEY BEACH

Ahoy Pirate Mateys!

A troop of pint-sized pirates have returned to Monkey Beach to retrieve their treasures before the island's volcano erupts. Unfortunately, they've forgotten where they hid their loot, and time is running out!

Ravensburger

Object of the Game

Use your sense of touch to find the correct treasure pieces and move them out of the correct openings in the island. The player who collects the most treasure pieces wins!

Set Up

- 1 Before playing for the first time, press out the parts from the paper sheets.
- 2 Match up and insert the 24 paper treasures into both sides of the 12 plastic treasure holders. Once pressed into place, the treasures are to remain there permanently.

- 3 Turn all the tiles face-down and divide them into two piles: green and blue. Mix each pile up separately.

Blue Tiles

Green Tiles

- 4 Place the 12 treasure pieces inside the island through the green volcano opening.

Treasure Pieces

On Your Turn

- 1 The youngest player goes first.
- 2 Turn over one green tile and one blue tile.

If the green tile you turned over is a volcano tile, go to step 7.

Volcano Tiles

- 3 Place your hands on top of the island and feel all of the treasure pieces through the fabric. (Do NOT reach into the island.) Use your sense of touch to find the treasure piece pictured on the blue tile.

EXAMPLE:

Get this treasure...

...out of this location.

- 4 Slide the treasure piece toward the opening location on the green tile until it comes out of the island!

HINT:

When you think you've found the correct treasure piece, move it by pushing down the island with one hand and pushing sideways on the treasure piece with the other hand.
