Every parts of accessories can be cleaned with alcohol 70 or 90°.

## TECHNICAL DATA

Power: 3W

Power supply: 23V ~ 50Hz

**For any improvement reasons, Beper reserves the right to modify or improve the product without any notice.**

The European directive 2011/65/EU on Waste Electrical and Electronic Equipment (WEEE), requires that old household electrical appliances must not be disposed of in the normal unsorted municipal waste stream. Old appliances must be collected separately in order to optimize the recovery and recycling of the materials they contain, and reduce the impact on human health and the environment. The crossed out "wheeled bin" symbol on the product reminds you of your obligation, that when you dispose of the appliance, it must be separately collected.

# GUARANTEE CERTIFICATE

---

This appliance has been checked in the factory. From the date of original purchase a 24 month guarantee applies to material and production defects. The purchase receipt and the guarantee certificate must be submitted together in case of claim to guarantee.

**The guarantee is valid only with a guaranty certificate and proof of purchase (fiscal receipt) indicating the date of purchase and the model of the appliance**

For any technical assistance, please contact directly the seller or our head office in order to preserve the appliance's efficiency and NOT TO void the guarantee. Any intervention on this appliance by non-authorized persons will automatically void the guarantee.

## Guarantee conditions

If the appliance shows defects as a result of faulty material and/or production during the period of guarantee, we guarantee repair free of charge on condition that:

- The appliance has been used properly and for the purpose for which it has been intended.
- The appliance has not been tampered with, otherwise it is not maintainable.
- The purchase receipt shall be presented.
- The appliance showing a fair wear and tear shall not be covered by this guarantee.

Therefore, any part that could be accidentally broken or having visible signs of use in consumable products (such as lamps, batteries, heating elements...) the aesthetic parts are excluded from the guarantee, and any defect whatsoever resulting from non-respect of the rules for use, negligence in usage and/or maintenance of the appliance, carelessness, wrong or improper installation, damage during transport and any other damage not attributable the supplier.

For every defect that could not be repaired within the guarantee period, the appliance will be replaced free of charge.

In any case, if the part to be replaced for defect, breakage or malfunction is an accessory and/or a detachable part of the product, Beper reserves the right to replace only the very part in question and not the entire product

## Technical assistance

Even after the guarantee period we will always pay attention to repairs for defected appliances. For technical assistance and/or repairs after the guarantee period you can directly contact the below address:
