

Kimi Isofix tt

KIMI
group 0+/1/2

Item 533

New

ECE R44/04 - Group 0+/1/2 - 0-25 kg (from birth up to 7 years approx.)

The best lasting comfort from birth up to 7 years

Kimi Isofix tt is an evolutionary reclining car seat for children from the birth up to 25 kg (7 years approx.) It offers the **best protection for the newborns' head and neck**, thanks to its upper headrest paddings. **It accomodates and protects the child from the very first months** thanks to its seat reducer (0-13 kg), offering a correct posture. When the child grows, the wide backrest will offer a comfortable seat

Details that make the difference

ECE R44/04 - Group 0+ / 1/2 - 0-25 kg (from birth up to 7 years approx.)

The best protection for the newborns' head and neck, thanks to its upper headrest paddings
