B.Fun

0m+

MADEinITALY

Your baby is more relaxed and so are you

Brevi has your child's health at heart. This is why Brevi B.Fun, in its infant seat configuration, allows the child to fully lie down in the correct position, which is essential in the baby's first months.

When the child grows, it's a comfortable highchair with toy bar

Details that make the difference

Toy arch with activities

the sweet puppets will entertain the baby, encouraging the development of sight, sensory and manual coordination. Fastened with velcro, they can be easily removed from the arch and used in many other ways: like little bracelets, for decorating the playpen handles, etc. The toy arch can be used even when the tray is used

3 position adjustable backrest

it allows the child to fully lie down in the correct position, which is essential in the baby's first months

Equipped with insert

soft reducer, suitable both for the highchair and its cradle function

It folds easily

thanks to 2 buttons on the sides

Seat can be adjusted into 4 positions

it suits all the table heights, till it turns into a comfortable low chair

Removable mesh basket

storage area for the child's small toys

Double tray with 2 cup holders

it can be adjusted into 3 positions and is extractable, easy to wash and can be used as a table mat. After use it can be hooked to the back of the high chair

5-point safety belt and lined buckle

3 position adjustable footrest

useful when the baby sleeps in the reclined position

Space saving : 48%

the packaging allows saving over 48% space compared to traditional high chairs

Homologation

Complies with EN 12790 and EN 14988
highchair 0-36 months
