

# INDEX

## 1. EQUILIBRIUM ON THE HORIZONTAL FORCE TABLE

- MEK 1.1            Composition of several forces
- MEK 1.2            Force direction and application point

## 2. EQUILIBRIUM ON THE HORIZONTAL FORCE TABLE

- MEK 2.0            Setup of the experiments
- MEK 2.1            Equilibrium of torques
- MEK 2.2            Force direction on a two-sided lever

## 3. COMPUTER- ASSISTED DATA LOGGING

- MEK 3.0            Setup of the electronic data acquisition
- MEK 3.1            Rotation - measuring of the moment of inertia
- MEK 3.2            Dependence on the moment of inertia of the mass distribution
- MEK 3.3            Rotation – moment of inertia
