HEADSET CONNECTION INSTRUCTIONS

Note that the USB Cable is used only to enable the LED light and it is not connected with the headphones' sound functionality.

Το καλώδιο USB χρησιμοποιείται μόνο για να ενεργοποιήσει τον φωτισμό LED και δεν σχετίζεται με τη λειτουργικότητα του ήχου των ακουστικών.

• Bitte beachten Sie, dass das USB-Kabel nur zur Betreibung der LED-Beleuchtung benutzt wird und nicht mit der Tonfunktionalität der Kopfhörer zusammenhängt. • Veuillez noter que le câble USB est utilisé uniquement pour activer l'éclairage LED et n'est pas lié à la fonctionnalité sonore du casque. • Si noti che il cavo USB viene utilizzato solo per abilitare la luce LED e non è collegato alla funzionalità audio delle cuffie. • Имайте предвид, че USB кабелът се използва само за хранване на LED осветлението и няма отношение към звука в слушалките. • Rețineți că utilizarea cablului USB este necesară doar pentru a activa iluminarea LED și nu are legătură cu sunetul căștilor.
