¹India (IND) is only using HV power supply module F5S43-60002, while for China (CN), it is using either WW power supply module F5S43-60001 or HV power supply module F5S43-60002

Supplementary Information:

The different models all have the same performance with regards to safety and telecom regulations. A single product level CB safety report is generated that references the Regulatory Model Number (RMN). A single telecom report is generated that references the RMN. Due to internal electronic differences, all the product variants are assessed for EMC and a single test report is generated. Worst case(s) records were reported. There is one international internal 100-240 Volt power supply, model number is F5S43-60001 (WW). There is another internal 200-240 Volt power supply for India and China only model number is F5S43-60002 (HV). The part number is on the power adapter and referenced in the safety report. The wireless feature is provided by the internal VCVRA-1712 wireless module.

Singapore,

14 November 2019
