WELCOME TO SINGAPORE  
BIENVENUE À SINGAPOUR  
TE DAMOS LA BIENVENIDA A SINGAPUR

Lying at the southern tip of the Malay Peninsula, the city-state of Singapore is the gateway between East and West. This is especially evident in the city's architecture, which is a melting pot of many styles and influences set against a backdrop of lush greenery and a vibrant riverfront.

Située à l'extrémité sud de la péninsule malaise, la cité-État de Singapour est la charnière entre l'Orient et l'Occident. L'architecture de la ville, un amalgame de nombreux styles et influences avec pour toile de fond une végétation luxuriante et une rive animée, en fait montre.

Ubicada en el extremo sur de la península de Malaca, la ciudad-Estado de Singapur es la puerta de enlace entre Oriente y Occidente. Así lo demuestra con rotundidad su arquitectura, un crisol de estilos e influencias diversas con un telón de fondo tan magnífico como su exuberante vegetación y las riberas de su río, rebosantes de actividad.

With a passion for architecture, LEGO® building and Singapore, Rok Zgalin Kobe was the perfect LEGO designer for this set. Passionné d'architecture, de construction LEGO® et de Singapour, Rok Zgalin Kobe était le concepteur LEGO tout désigné pour cet ensemble. Pour lui, le plus grand défi n'a pas été de sélectionner pour le modèle le parfait mélange de structures anciennes et nouvelles, mais bien de tenter de saisir l'atmosphère unique de cette ville dynamique avec des éléments LEGO.

Verdadero apasionado de la arquitectura, la construcción con LEGO® y Singapur, Rok Zgalin Kobe era el diseñador de LEGO ideal para este set.
