

Eco Cradle

Cradle should be placed on a horizontal floor.

Young children should not be allowed to play unsupervised in the vicinity of the cradle.

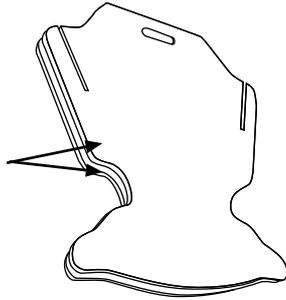

Instructions

Cradle Parts Include:

Part A (x1) -

Two Rocking Sides

A connecting segment

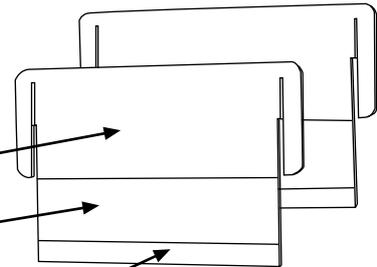

Part B (x2) -

Side Wall

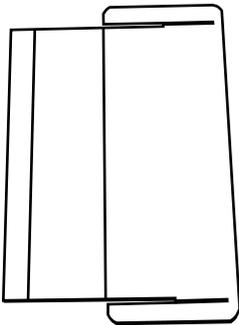

Bed Surface

Reinforcement Section

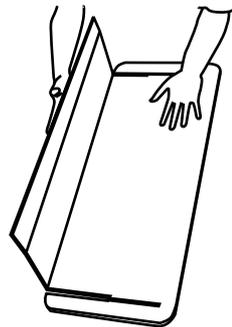

To assemble:

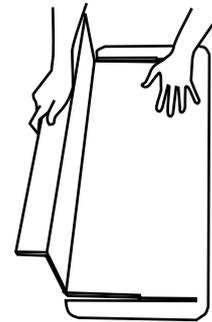

1.

Place Part B on a horizontal surface.

Lift and fold to a 90° angle, the Bed Surface and Reinforcement section.

Fold the Reinforcement section to a 90° angle.

...Cont.

Thickness of the mattress chosen shall not exceed 7.5 cm

Size of mattress should be 73cm x 35cm

~ Warning ~

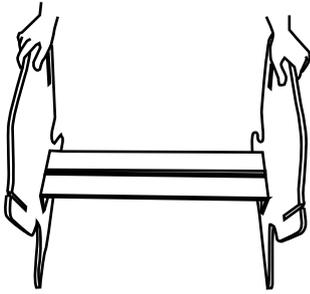

The cradle should not be used if any part is missing, torn or broken.

When a child is able to sit, kneel or to pull itself up, the cradle shall not be used anymore for this child.

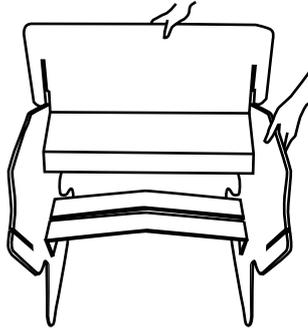

Be aware of the risk of open fire and other sources of strong heat, such as electric bar fires, gas fires, etc in the near vicinity of the cradle.

2.

Open up Part A so that the connecting segment becomes horizontal.

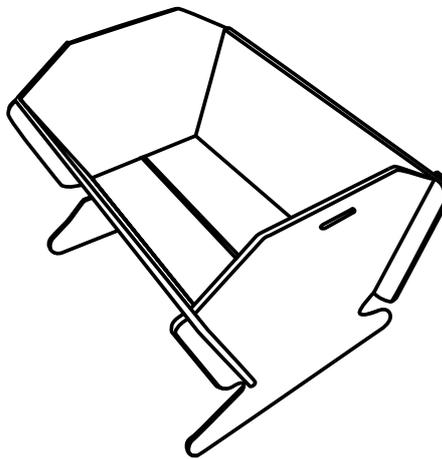

Align the slits on Part B with the slits on the Rocking Sides.

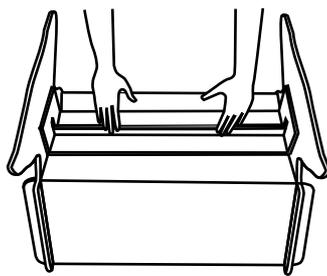

Lower Part B into Part A, be sure to lower evenly on both sides. Hold the Reinforcement Section so it does not drop below the Middle Section. Insert the Reinforcement section into the groove in the connecting segment.

3.

Repeat steps 1- 2 with the second Part B.

The cradle is fully assembled.

To Disassemble:

Turn the cradle upside-down and push down the Reinforcement sections, to release them from the groove.

Lift each Part B separately; making sure that both sides of Part B are raised evenly.

Green Lullaby creates innovative furniture, storage and play items, made entirely of recyclable cardboard. We provide warm and trendy solutions and surroundings that are safe, soft and environmentally friendly. Our products are designed to meet the ever changing needs of a growing child's environment, in a sustainable fashion. They are smart, light, easy to assemble and use, and provide hours of fun for both parents and children.
