

Fun ideas

to make yourself

Reindeer greetings
for Christmas

From Marabu you will need...

- Marabu-Decormatt Acryl, 50 ml, in white (070), metallic gold (784) and carmine red (032)
- Marabu-Glitter Liner, 25 ml, in glitter-gold (584)
- Marabu-Adhesive Spray
- Marabu-Stencil "Crystals" (0012), 10 x 33 cm
- Marabu-Deco Painter, 1-2 mm, in black (073)
- Marabu-Universal brush, flat, size 8
- Marabu-Stencilling Brush, set with 3 stencilling brushes
- MDF-reindeer, 3-parts

Here's how it's done:

1. Stir the Decormatt Acryl colour shades well.
2. Paint the separate parts of the reindeer in the chosen colours in covering coats using a brush and Decormatt Acryl white and allow to dry.
3. Spray reverse of stencil with Adhesive Spray, allow to dry briefly and place in the chosen position onto the reindeer. Stencil the stencil motif using a dabbing brush and Decormatt Acryl and let dry.
4. Add creative highlights with a Glitter Liner and/or paint the eyes with a Deco Painter.
