From Marabu you will need...

- Decormatt Acryl in bordeaux (034), vanilla (222)
- Decorlack Acryl in gold (784)
- Stencils „Xmas reindeer“, „Snow flakes“
- Fix-it adhesive spray
- Foam paint roller
- Acrylic-Effects in gold (084)

...you will also need:

- Masking tape
- Canvas 30 x 30 cm
- Cocktail stick

Here's how it's done:

1. First prime the whole canvas with bordeaux.
2. Spray a thin coat of Fix-it adhesive spray on the "Xmas reindeer" stencil, allow to flash off and place on the canvas. Cover with Decorlack Acryl gold using a roller. Remove stencil and allow the paint to dry.
3. Mask the lower area of the canvas (approx. 11 cm) with masking tape and paint this area using Decorlack Acryl gold.
4. Spray a thin coat of Fix-it on the "Snow flakes" stencil, allow to flash off, put on the canvas and paint in bordeaux. Remove stencil and allow the paint to dry.
5. Paint some stars from the "Snow flakes" stencil in vanilla.
6. Dip a cocktail stick into the vanilla shade to add little dots wherever you choose.
7. Go over the antlers of the reindeers using Acrylic-Effects gold, which develops a three-dimensional effect.
