## EQUIPMENT REQUIRED

WHITE face paint

ROYAL BLUE face paint

BRIGHT RED face paint

Hi-density sponge

Snazaroo Multi-purpose brush

Using a damp sponge and WHITE paint, sketch out the white areas - no need to be exactly accurate as you can paint the other colours over it once it's dry.

With ROYAL BLUE paint and the brush, draw the outlines of the triangular areas, and fill in using the sponge or the brush.

Using BRIGHT RED paint and the brush, fill in the central cross. Carefully paint the fine diagonal lines.
